### **3.3 Exhibits and Posting of Materials**

As a public institution dedicated to freedom of speech and open access to ideas representing all points of view, the District provides space in certain facilities to individuals and groups for the posting of community information, promotional materials, and exhibits of artistic works, historic or educational displays.

The District strives to provide a neutral forum for information representing a diverse spectrum of community organizations, activities and interests, regardless of beliefs or affiliations. Display and exhibit space is limited, however, such that simultaneous presentations of all points of view on any issue may not be possible.

The District reserves the right to establish and enforce procedures regarding time, place, and manner of the display, and suitability for viewing by patrons of all ages. The District reserves the right to revoke display and exhibit privileges at any time for violations of this policy or District procedures and guidelines.

Permission to display or exhibit in District facilities does not constitute an endorsement by the District, its Board of Trustees, or its staff of a group's views or opinions.
