
MEMORANDUM

TO: Poudre River Public Library District

FROM: Seter & Vander Wall, P.C., Kim J. Seter, Esq., Elizabeth A. Dauer, Esq., and Cameron J. Richards, Esq.

DATE: August 7, 2019

RE: Legal Status Report for August 12, 2019 Trustees' Meeting

Review of Bylaws

Task: Review the District's bylaws for any changes or updates that are necessary or inconsistent with changing law.

Status: The review of bylaws was requested as part of the ongoing review of policies. We will work with the committee of Ms. Quijano, Mr. Frey and Ms. Schultz to make appropriate and necessary revisions.

Legal counsel will provide suggestions on revisions at the August meeting.

Action: None at this time.

Options for Funding Future Facilities Development

Task: Summarize financing options the District can consider to fund future facilities development.

Status: The District has three options to pay for the construction of new libraries or the improvement of existing branches: (1) Cash out of reserve/budgeted funds; (2) General obligation bonds; and (3) Lease/purchase financing with or without certificates of participation. Each is summarized below. We recommend use of certificates of participation as a simple and cost-effective approach.

Cash on Hand: Availability of this "pay as you go" option depends on the scale of the project, the District's financial position, and budget considerations for not only the next year, but in years to come. It is often best to utilize cash on hand to provide current services.

{00412760}

General Obligation Bonds: The most common form of government financing. Bonds are secured by the full faith credit and taxing power of the government issuer. Bonds offer low interest rates and are attractive to investors due to their double tax-exempt status. However, the issuance of debt through general obligation bonds requires an election as does the corresponding increase in taxes pursuant to Art. X, §20 of the *Colorado Constitution* (“**TABOR**”).

Lease/Purchase with or without Certificates of Participation (“COP”): Libraries are in a unique position to take advantage of sale/lease back financing. From a legal perspective, this method involves selling or leasing a property that is owned by the District. The funds received are used to buy new or improve old facilities. The property sold/leased by the District is leased back to the District which pays rent consisting of principal and interest to the investor[s]. The lease back to the District contains an option to purchase the property at the end of the lease for a nominal fee, often \$1.00. Lease/purchase financing does not constitute long-term debt obligations of the issuing authority, and is therefore exempt from state and local laws that require voter approval under TABOR.

We recommend lease/purchase financing as the best option. However, we are ready to assist on any method the District may ultimately pursue.

Action: No action is required at this time. This item is being retained as placeholder for future considerations.
